\* The Santa Cruz County Health Department advises that eating raw or undercooked animal foods such as meat, poultry, eggs, milk, seafood, shellfish or animal foods that are not otherwise processed or prepared to eliminate harmful bacteria, poses a potential health risk to everyone, especially the elderly, young children under the age of 4 years, pregnant women, and other highly susceptible individuals with compromised immune systems. Thorough cooking or processing of foods to eliminate pathogens reduces the risk of illness.. Pertains to items with \* asterisks.
